

## Welcome, friends!

We hope you'll have a marvelous time  
in our winter sports wonderland!

You're now all members of  
Friends of St. Anton - a community  
steeped in its love of sport  
and committed to respecting one another.  
As a friend, we have four requests for  
how we can share the good times together  
and make everyone's winter dreams  
a come true.

Many thanks!

FRIENDS OF  
ST. ANTON

We ski, enjoy & respect

# SKI

# ENJOY

# RESPECT

## Winter sports are in your DNA?

Then we have something in common!  
St. Anton is the cradle of alpine skiing.  
And because we all love our region and  
community so much, it is important  
we treat each other with respect.  
Of course, each of our personal actions  
can actively contribute to this spirit.

Enjoy the snow, have fun, and  
thank you for being such great  
Friends of St. Anton!

Have a cool time!

## THANKS

### For removing your ski boots after 8pm.

Enjoy the nightlife  
with style!

### For not drinking and screaming on the street.

Live it up in our  
amazing bars and clubs.

### For using our trash cans.

We all appreciate  
a clean St. Anton.

### For taking off your skis in town.

They're more fun on our  
300 km of pistes anyway.
